Zoom Rooms & Workspaces

ATOMICdata | **zoom**

Helping you build a better workspace.

Zoom Rooms bring flawless video and audio collaboration into any space making it a modern workspace for hybrid teams.

Enhance productivity in rooms

Start meetings with one touch, share content wirelessly, all with HD video and audio.
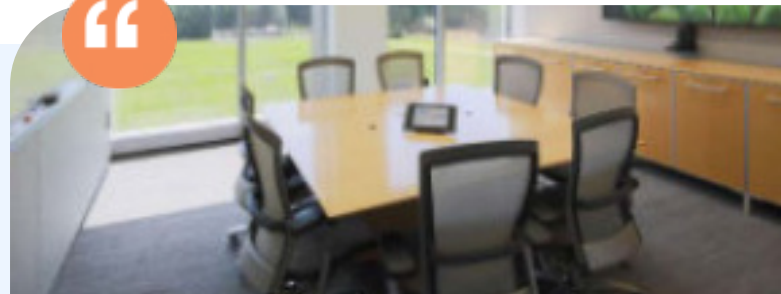

Bring Zoom to any meeting space

Build the room you need with the hardware you want to work with Zoom's cloud platform.

Meet with anyone

Include remote participants from desktop, mobile, or other conference room systems.

+ Bring high quality video, audio, and web conferencing to any sized room or workspace

+ Advanced features like Zoom Kiosks (virtual receptionist), voice commands and room controls on your mobile device

+ Enabling the hybrid workforce with features like Smart Gallery and Workspace Reservation

+ Google, Office 365 and Exchange calendar integrations support room booking, room status, upcoming meetings list, and more

"We wanted it to be not only easy to use, easy to put together, a great user experience, but we wanted to enable those elements from a design perspective. Zoom stood out far and beyond everybody else and ticked all of those boxes for us."

Anthony Golia

Head of Productivity Development

BRIDGEWATER

Easy, Scalable, Centralized Management

Monitor and manage rooms at scale

The admin dashboard allows you to manage multiple device types in the same user-interface and provides real-time and historical reports of room usage, meetings, and devices.

Set room alerts

Assign rooms to different IT managers and also configure alerts that will notify the appropriate individuals when an issue occurs.

Interoperate with other meeting platforms

Connect to standards based SIP/H.323 systems with Zoom Conference Room Connector. Join Cisco Webex, Microsoft Teams and BlueJeans meetings without additional licensing or third party services.

Centralized conference room management

Push software updates to all deployed Zoom Rooms. Manage Cisco or Poly rooms from a single admin portal with an enhanced API connector using a CRC.

Delivering a complete workspace experience

Workspace Reservation

Zoom's Workspace Reservation will allow users to schedule flex spaces in your offices. Users can comfortably reserve empty desks, desks with Zoom devices, or Zoom Rooms from a platform they are familiar with

Scheduling Displays

Make scheduling rooms easy and instant with a beautiful display that provides room availability, check-in for utilization management, and the ability to book a meeting for any available time of that day.

Digital Signage

Utilize an unlimited number of in-room or standalone displays for corporate communications, internal marketing, and more across multiple offices and departments.

Zoom Rooms for Touch

Make interactive collaboration and whiteboarding easy with all-in-one touch displays designed specifically for Zoom Rooms.

Scheduling Display provides room status and booking capabilities.

Home Office

Huddle Rooms

Conference Rooms

Training Rooms

Seamless setup with trusted devices

Purpose-built appliances

Zoom Rooms Appliances are built to make it easier than ever to scale, deploy, and manage Zoom Rooms.

Or leverage standard / Pro AV hardware

| Computer | Tablet | Camera | Microphone | Speaker | Display |
