

		DESCRIPTION	COST & RATES
	IT AS A SERVICE	ACTIVE DIRECTORY SERVICES	Simplify access to systems and apps with Federation Services, Azure Connect, DirSync, etc. Time & materials rates
		HARDWARE & SOFTWARE PROCUREMENT	Purchasing of Cisco, Dell, F5, NetApp, Microsoft, Veeam, software/hardware. Varies
		KNOWLEDGEBASE/RUNBOOK CREATION	Creation of entire or partial knowledge bases to improve support & efficiency. \$120/hour
		LINUX SERVER PATCH MANAGEMENT	Patch management services for your Linux-based servers. \$29.99/server/month
		MICROSOFT® SERVER DEPLOYMENT	Deployment of new or upgraded servers for Exchange, AD, SQL, remote desktop, etc \$135 to \$185/hour + licenses + HW
		MICROSOFT® SOFTWARE LICENSES	Software licensing for all Microsoft products including Exchange, SQL, Office, etc. Varies
		NETWORK ARCHITECTURE & OPTIMIZATION	Design and/or optimization of your network for improved performance, uptime, availability. \$190/hour to \$225/hour
		NETWORK MONITORING & MANAGEMENT	24x7 monitoring and management of your entire infrastructure. Varies by device complexity. \$10.99 to \$39.99/unit/month + T&M
		(+ DEVICE CONFIGURATION BACKUP)	Backup and monitoring of the config files in a variety of networking devices. \$9.99 to \$24.95/unit/month
		(+ NEW RELIC)	Measure and monitor application performance within the entire stack. \$122/server/month
		NETWORK ENGINEERING SUPPORT	Expert support for routing, switching, VPN/firewall, connectivity, cabling and more. \$140 to \$230/hour
		OFFICE MOVES, ADDITIONS, CHANGES	Re-IP networks, deploy new gear, reconfigure existing gear for a new space, plan networks. \$125 to \$225/hour
		ON-SITE SUPPORT	Desk-side & remote support for complex end-user issues, server management, & more. \$130 to \$180/hour
		ORANGE BOOK I.T. ASSET DISCOVERY & ANALYSIS	A comprehensive survey & analysis of servers, workstations, routers, switches, etc. \$110 to \$255/hour
		SERVER MONITORING & PATCH MANAGEMENT	24x7 server monitoring and patch management of Microsoft-based servers. \$29.99/server/month
		SERVER ANTI-VIRUS	Keep your servers protected from malware, spyware, and viruses. \$24.99/server/month
		SERVICE DESK SUPPORT	24x7 remote software and hardware support for your end-users and clients. \$110 to \$120/hour
		SSL CERTIFICATES	Procurement, installation, and annual renewal of your SSL certificates. Annual, varies
		SYSTEMS ENGINEERING SUPPORT	Providing expertise around virtualization, Microsoft, Unix, SANs, DR, and much more. \$135 to \$225/hour
		VMWARE SOFTWARE LICENSES	VMware vSphere licensing through Atomic Data's Service Provider agreement. Annual, varies
		WARRANTY & SUPPORT RENEWALS	Procurement and management of your support contracts & hardware warranties. Varies
WIRELESS NETWORKING	Large venue to multi-location networks built with security, availability, and scalability. Varies		
WORKSTATION LIFECYCLE MANAGEMENT	Procurement, imaging, deployment, support, and destruction of new workstations. Varies		
WORKSTATION MONITORING, MANAGEMENT, & AV	24x7 server monitoring, patch management, and AV of Windows-based workstations. \$6.99 to \$9.99/workstation/month		
	SECURITY & COMPLIANCE	CISCO UMBRELLA	DNS/IP-level threat defense and content filtering system for any device, anywhere \$2.99 to \$5.99/user/month
		IT GOVERNANCE CONSULTING	Quarterly consulting, advising on risk management, policies and procedures, accountability. \$205 to \$255/hour
		MULTI-FACTOR AUTHENTICATION	Add another layer of protection to your systems and applications with one-time tokens. \$16/user/month
		POLICY ADVISORY & DEVELOPMENT	Advisory service for creation of new and/or updated security policies. \$205 to \$255/hour
		PHISHING SIMULATION & AWARENESS	Test and improve email phishing awareness with customized campaigns and training. Varies
		PRE/POST-AUDIT READINESS	Prepare for external audits, remediate issues, manage vulnerabilities, etc. \$205 to \$255/hour
		SECURITY AWARENESS CONSULTING	Reduce human error with end-user training on a wide array of security principles. \$205 to \$255/hour
		SECURITY OPERATIONS CENTER (SOC)	24x7 detection and remediation of cyber security incidents, threats, and events. \$1,500 to \$5,000/month + log volume + T&M
		SECURITY INFORMATION & EVENT MANAGEMENT	Using LogRhythm and log aggregation servers, digest logs and produce actionable insights. Varies
		VULNERABILITY SCANNING	We'll help find the right platform, furthering your compliance and preventing attacks. Varies
	DATA CENTER & CONNECTIVITY SERVICES	ATOMIC CLOUD® (powered by NetApp & VMware)	SOC 3 private cloud built on enterprise-grade VMware & NetApp infrastructure. \$135/month plus resources
		ATOMIC CLOUD® (powered by vCloud)	SOC 3 software-defined private cloud solution built on vCloud, offering self provisioning. Monthly, varies
		ATOMIC CLOUD® (powered by Azure Stack)	SOC 3 hybrid cloud solution built on Azure Stack, a private extension of Azure public. Monthly, varies
		BANDWIDTH SERVICES	Enterprise grade Internet access without the ISP headaches. Monthly, varies
		DATA CENTER COLOCATION	Security, redundant infrastructure, and connectivity for your owned hardware. Monthly/rack space/amp/Mbps
		DEDICATED WEB HOSTING	Single-tenant hosting for high availability, high volume sites such as eCommerce. Monthly, varies
		DEDICATED FIREWALL CONTEXT	Virtual dedicated firewall context on Atomic Data's Cisco NGFW. \$299/month
		(+ INTRUSION PREVENTION SYSTEM)	Mitigate business risks from attacks and enhance visibility and control. \$299/month + FW & setup/review T&M
		(+ URL FILTERING)	Control access to objectionable or harmful websites based on URLs. \$199/month + dedicated FW costs
		DDOS MITIGATION	Protection and mitigation from distributed denial of service attacks. \$4.99 to \$99.99/month
		DNS HOSTING & REGISTRATION	Registration, hosting, and renewal of your domain name services. \$50/year + \$14.95/year for reg.
		MANAGED FIREWALL	Virtual, shared, managed firewall on Atomic Data's Cisco NGFW. \$25/month
		MANAGED LOAD BALANCING	F5-based managed load balancing of your high-volume applications and systems. Varies
		MPLS ROUTING	Reduce network hops, enable quality of service, and improve your DR plan. \$299-\$499/month + build-out costs
		CIRCUITS (POINT-TO-POINT)	Extend your LAN across multiple locations with bandwidth from 10 Mbps to 10 Gbps. Varies monthly + build-out costs
SHARED WEB HOSTING	Multi-tenant hosting for clients with minimal bandwidth/load balancing needs. \$19.99 to \$59.99/month		
	BUSINESS CONTINUITY	BLACK BOX SERVER BACKUP	On-site backup appliance with optional off-site virtualization plus monitoring. Varies monthly + one-time
		CRASHPLAN ENDPOINT BACKUP	Remote backup of your Mac and Windows workstations with end-user restore. \$20/user/month + \$1/GB over 20GB
		DISASTER RECOVERY CONSULTING	Project-based guidance for your DR and BCC practices Varies
		DISASTER RECOVERY PLAYBOOK	A thorough, proven playbook to follow in the event of a systems failure or disaster. Varies
		DISASTER RECOVERY SAN REPLICATION	Replication of your existing Storage Area Network in Atomic's SOC 3 attested facilities. Varies
		SECURE TAPE BACKUP & MANAGEMENT	Backup your mission-critical servers to our tape appliances with expert management. \$199-\$499/month + \$86/tape/month
		WORKPLACE RECOVERY	On-demand or dedicated office space, IT infrastructure, DR planning, and 24x7 support. Varies
	EMAIL & PRODUCTIVITY	ATOMIC MAIL FILTERING	Remove unwanted and malicious email before it hits your users' mailboxes. \$1.25/mailbox/month
		DEDICATED MICROSOFT® EXCHANGE	Dedicated enterprise email solution in a hosted or on-premise configuration. Server costs vary + filtering, T&M
		MICROSOFT® EXCHANGE MIGRATION	Safely move your email from public hosted, outdated versions, or IMAP systems. \$15/mailbox + \$135 to \$225/hour
		MICROSOFT® OFFICE 365	Email, productivity, collaboration, & more, all supported by Atomic's expert engineers. \$5.00/user/month
		ON-PREMISE VOIP	Mitel IP voice solution residing in your office or collocated in our data center. Varies
		HOSTED VOIP	Multi-tenant Mitel IP voice solution built on The Atomic Cloud. \$15-\$55/user/month + build out costs
		ZOOM MEETINGS	Video conferencing, screen sharing, chat, webinars, and more in one SaaS platform. \$15 to \$20/user/month + setup T&M
(+ ZOOM ROOMS)	Conference room solution to complement Zoom Meetings (hardware excluded). \$49/room/month + setup T&M		
	DEVELOPMENT	ACCESS APPLICATION CONVERSION & SUPPORT	Conversion or support of existing apps built in Microsoft Access. Time & materials rates (\$150 to \$225/hour)
		APPLICATION ASSESSMENTS & CODE REVIEW	Assessment of the scalability and quality of homegrown applications.
		APPLICATION/WEBSITE INTEGRATIONS	Custom integrations between new, old, & 3rd party applications or websites.
		DATA EXPORT & MIGRATION	Export or migration of data from one app or database to another.
		.NET WEBSITE DEVELOPMENT	Custom website development built on the Microsoft .NET framework
		PHP WEB APPLICATION DEVELOPMENT	Development of PHP MySQL web-based apps from scratch or support of existing.
		SHAREPOINT DESIGN & CUSTOMIZATION	Customize, brand, redesign, integrate, and build out on-prem or hosted SharePoint.
		SHAREPOINT WORKFLOW DEVELOPMENT	Create custom workflows for your on-premise or hosted SharePoint environment.
		SOFTWARE ANALYSIS & DESIGN	Defines the scope of work prior to all software development projects.
		SOFTWARE DEVELOPMENT TEAM MENTORING	Our expert developers will mentor your team for long or short term engagements.
		SQL DATABASE DESIGN & DEVELOPMENT	Create or optimize your SQL databases using best practices.
		WEB SERVICES/API DEVELOPMENT	Development of custom application programming interfaces or web services.
		WEBSITE MIGRATION	Migration of websites between shared and dedicated hosting environments.
		WORDPRESS WEBSITE DEVELOPMENT	Custom site and theme development for your WordPress-based website.
