

DISPERSED WORKFORCE

SECURE PRODUCTIVITY SUITE

Connect, protect, and empower every employee, from the office to the frontline worker, with a Microsoft-based package that enhances productivity and drives innovation. The Secure Productivity Suite provides Office 365, Backup as a Service, end-user support, and security awareness.

1 MICROSOFT OFFICE 365

Secure Productivity Suite includes Office 365 F3, bringing your dispersed workforce Office web and mobile apps like Teams, Outlook web and mobile, OneDrive for Business, and more.

2 OFFICE 365 BACKUP AS A SERVICE

Even though Microsoft hosts the infrastructure for Microsoft 365, this doesn't replace your responsibility to maintain a backup of your business-critical data. **Safeguard your Teams, Exchange, SharePoint, & OneDrive data from:**

-  Accidental deletion
-  Retention policy confusion/gaps
-  Insider security threats
-  Ransomware
-  Legal & compliance pitfalls
-  Hybrid setups & migrations

3 24X7 END-USER SUPPORT

We've got your end-users covered no matter the issue or time of day. You'll get five hours per month of basic remote support so you and your staff can stop waiting on hold and get back to work.

4 PHISHING SIMULATIONS & REPORTING

Keeping your employees aware, trained, and accountable is the single best defense against phishing. With Phishing Simulation & Education, your employees will be put to the test on a monthly basis, providing critical learning experiences and executive insight into behavior.
